

"This programme is subject to change"

		MAIN ROOM	LIVE TRANSMISSION	ROOM 1 - WORKSHOPS/ INDUSTRY LOUNGE	ROOM 2 - WORKSHOPS/ INDUSTRY LOUNGE
Wednesday, October 14th	NOON	12:30-12:45	Session 1: Opening ceremony - Welcome and opening lecture		
	AFTERNOON	12:45-13:45	Session 2: Lunch symposium		
		13:45-15:00	Session 3: What's new in Infrarenal aneurysm endorepair?		
		15:00-16:45	Session 4. Insights from the evidence: Where PAD Science Meets Clinical Practice	Live case from Hospital de Granollers, Spain	
		16:45-17:45	Session 5: LECO Aorta		
		17:45-18:30	Session 6: Saving the No-Option Limb		
	NIGHT	20:00	Faculty dinner		

		MAIN ROOM	LIVE TRANSMISSION	ROOM 1	ROOM 2 - WORKSHOPS/ INDUSTRY LOUNGE
Thursday, October 15th	MORNING	08:00-10:00	Session 7: The Final Mile to Limb Salvage: BTK and BTA	Live case from University-Clinic Leipzig, Germany	Vascular Nursing session 09:00-17:30
		10:00-12:00	Session 8: What's new in juxta/pararenal and thoraco-abdominal aneurysm endorepair?	Live case from University-Clinic Leipzig, Germany	
		12:00-13:00	Session 9: The Multidisciplinary Diabetic Foot: One Foot, One Team		
	NOON	13:00-14:00	Session 10: Lunch symposium		
	AFTERNOON	14:00-15:30	Session 11: What's new in Type B dissection repair?		
		15:30-16:45	Session 12: LECO PAD		
		16:45-18:00	Session 13: Innovation session and AI in Vascular Surgery		

			MAIN ROOM	LIVE TRANSMISSION	ROOM 1	ROOM 2 - WORKSHOPS/ INDUSTRY LOUNGE
Friday, October 16th	MORNING	09:00-10:30	Session 14: What's new in Ascending and Arch endorepair?		EVAR simulation competition 8:30-12:30	
		10:30-12:30	Session 15: The Big Vessels, the Small Details	Live case from Quironsalud Marbella, Spain		
	NOON	12:30-13:30	Session 16: Lunch symposium			
	AFTERNOON	13:30-14:30	Session 17: Challenging cases & best posters competition (in Aorta, PAD, LECO)			
		14:30-15:00	Session 18: Highlights from the board			
		15:00-15:30	Session 19: Awards ceremony & closing ceremony			

## MAIN ROOM

LIVE TRANSMISSION

"This programme is subject to change"

**Wednesday, October 14th, 2026**

\*Afternoon coffee break at 15:30 will be served in the main room

**12:30 12:45 Session 1: Opening ceremony - Welcome and opening lecture**

*Vincent Riambau, Nilo Mosquera, Marc Sirvent*

**12:45 13:45 Session 2: Lunch symposium**

**Moderator:** TBC

**Speakers:** TBC

**13:45 15:00 Session 3: What's new in Infrarenal aneurysm endorepair?**

**Moderators:** Nilo Mosquera, Vincent Riambau

**Discussants:** Daniela Branzan, Fionna Rohlfss, Manuel Hernando, Xavier Yugueros

**13:45 13:52 Augmented reality to improve deployment in EVAR**

*Annabel Groenenberg*

**13:52 13:59 Digital twins and AI to predict type 1A endoleaks after EVAR (Predisurge)**

*David Minion*

**13:59 14:06 EVAR for AAA repair in women: The WARRIORS trial**

*Colin Bicknell*

**14:06 14:13 The fate of AAA incidence decrease. Potential reasons and implications**

*Anders Wanheinen*

**14:13 14:20 Active sac management: more harm than benefit for patients**

*Ian Loftus*

**14:20 14:27 The aortic strength vs aortic diameter: Which is the most important factor in assessing the risk of aortic rupture?**

*Mark Farber*

**14:27 15:00 Discussion**

**15:00 16:45 Session 4. Insights from the evidence: Where PAD Science Meets Clinical Practice**

**Moderator:** Gonçalo Cabral, Lorenzo Patrone  
**Discussants:** Marta Lobato, Luis Loureiro, Mark Portou, Hany Zayed

**15:00 15:10 BEST-CLI, BASIL, and SWEDEPAD: What Is the Real Message?**

*Athanasios Saratzis*

**15:10 15:15 Discussion**

**15:15 15:25 How to treat the CFA: Insights from the SUPERSURG RCT**

*Lieven Maene*

**15:25 15:30 Discussion**

**15:30 15:40 Sirolimus DEBs: Raising the Bar in femoropopliteal**

*Pablo Del Canto*

**15:40 15:45 Discussion**

**15:45 15:55 Risk Share agreements in PAD: Rabel project**

*Esaú Martínez & Omar Andrés*

**15:55 16:00 Discussion**

**16:00 16:10 Spur stent results at 1 year**

*Pablo Del Canto*

**16:10 16:15 Discussion**

**16:15 16:25 The Post-Revascularization Puzzle: Decoding the Evidence for Antithrombotic Therapy**

*Clàudia Riera*

**16:25 16:30 Discussion**

**16:45 17:45 Session 5: LECO Aorta**

**Moderators:** Daniela Branzan, Fionna Rohlfis  
**Discussants:** Natasha Hasemaki, Jan Stana, Chang Shu, Mian Wang

**Live case from Hospital  
de Granollers, Spain**

*Operator: Marc Sirivent*

**17:45 18:30 Session 6: Saving the No-Option Limb**

**Moderators:** Athanasios Saratzis, Daniel Van Den Heuvel  
**Discussants:** Gonçalo Cabral, Michael Lichtenberg, Luis Loureiro, Ahmad Sakr

**17:45 17:52 No-Option CLTI: Physiology Before Plumbing**  
*Sherif Sultan*

**17:52 17:59 Update on DVA Strategies: Indications, Endovascular vs Surgical Approaches, and Outcomes**  
*Hany Zayed*

**17:59 18:06 DVA in Practice: Step-by-Step Technique, Tips, and Pitfalls**  
*Bruno Migliara*

**18:06 18:13 Life After DVA: Weathering the Storm on the Road to Limb Salvage**  
*Marta Lobato*

**18:13 18:30 Discussion**

**20:00 Faculty dinner**

## MAIN ROOM

LIVE TRANSMISSION

"This programme is subject to change"

Thursday, October 15th, 2026

\*Morning and afternoon coffee breaks at 10:30 and 15:30 will be served in the main room

### 8:00 10:00 Session 7: The Final Mile to Limb Salvage: BTK and BTA

**Moderators:** Michael Lichtenberg, Hady Zayed

**Discussants:** Bruno Migliara, Clàudia Riera, Ahmad Sakr, Daniel Van Den Heuvel

8:00	8:07	<b>SAD-MAC: Beyond Classification—Does It Change Practice?</b> <i>Luis Loureiro</i>
8:07	8:14	<b>The GW crossed but nothing else does: Tips, Tricks, and Bailout Strategies</b> <i>Marta Lobato</i>
8:14	8:24	<b>How Orbital Atherectomy has improved my daily practice</b> <i>José Oliveira Pinto</i>
8:24	8:34	<b>When Complexity Meets Simplicity in the BTK Territory</b> <i>Pablo Del Canto</i>
8:34	8:44	<b>DEB in clinical practice: Transforming BTK outcomes</b> <i>Alicia Bueno</i>
8:44	8:54	<b>Slow flow after BTK interventions: is Paclitaxel the culprit?</b> <i>Marc Sirvent</i>
8:54	9:01	<b>BTK Stents: Who Said They Were Evil?</b> <i>Lorenzo Patrone</i>
9:01	9:08	<b>Foot-Level Bypass: Redefining the Limits of Surgical Revascularization</b> <i>Gonçalo Cabral</i>
9:08	10:00	<i>Discussion</i>

Live case from  
University-Clinic  
Leipzig, Germany  
Operator: Andrej Schmidt

**10:00 12:00 Session 8: What's new in juxta/pararenal and thoraco-abdominal aneurysm endorepair?**

**Moderators:** Manuel Hernando, José Teixeira  
**Discussants:** Colin Bicknell, Mark Farber, Gaspar Mestres, Sherif Sultan

**10:00 10:07 AI assisted standardised 4-fen PMEG: Results from Sphere Registry**

*Michelle Piazza*

**10:07 10:14 Mortality and aneurysm rupture during waiting time for customization F-BEVAR grafts**

*Natasha Hasemaki*

**10:14 10:21 The role of off-the-shelf endografts for juxtarenal aneurysms**

*Jan Stana*

**10:21 10:28 The role of Ischaemic preconditioning to prevent spinal cord ischaemia during endovascular repair of thoracoabdominal aortic aneurysm**

*Daniela Branzan*

**10:28 10:35 Phramacological Strategies to prevent spinal cord isquemia**

*Bijan Mondarai*

**10:35 10:42 Local anesthesia for endovascular repair of ruptured TAAAs**

*Jan Stana*

**10:42 10:49 Highlights from ESVS 2026 clinical practice guidelines on the management of thoraco- abdominal aortic diseases**

*Anders Wanhainen*

**10:49 11:12 Discussion**

**Live case from  
University-Clinic  
Leipzig, Germany  
Operator: Andrej Schmidt**

**12:00 13:00 Session 9: The Multidisciplinary Diabetic Foot: One Foot, One Team**

**Moderators:** Lieven Maene, Mahmoud Salah

**Discussants:** Luis Loureiro, Lorenzo Patrone, Mark Portou, Ahmad Sakr

**12:00 12:07 How to Reduce Major Amputations: the Secrets of Surgical Offloading**

*Giacomo Clerici*

**12:07 12:14 Osteomyelitis: When Surgery, When Conservative Treatment?**

*Jose Luis Lázaro*

**12:14 12:21 Limb Salvage vs. Functional Limb: Biomechanics Matter – Lessons from Clinical Practice**

*Giacomo Clerici*

**12:21 12:28 Septic foot: Time is Tissue**

*Clàudia Riera*

**12:28 12:35 What Does the Plastic Surgeon Bring to the Diabetic Foot Team?**

*Paloma Malagón*

**12:35 12:42 The Role of Advanced Wound Dressings in Diabetic Foot Healing**

*Marc Sirvent*

**12:42 13:00 Discussion**

**13:00 14:00 Session 10: Lunch symposium**

**Moderator:** TBC

**Speakers:** TBC

---

**14:00 15:30 Session 11: What's new in Type B dissection repair?**

**Moderators:** Natasha Hasemaki, Jordi Martorell

**Discussants:** Annabel Groenenberg, Bijan Mondarai, Jan Stana, Wei Wu

**14:00 14:07 AI models and digital twins to predict aortic diameter progression after type B dissection**

*Sherif Sultan*

**14:07 14:14 Optimal timing of TEVAR for uncomplicated type B aortic dissection**

*Chang Shu*

**14:14 14:21 Impact of narrow-true-lumen in F/BEVAR repair of chronic type B aortic dissections**

*Michelle Piazza*

**14:21 14:28 The usefulness of PMEG for chronic type B aortic dissection repair**

*Mian Wang*

**14:28 14:35 The role of preventive segmental coil embolization for aortic remodelling following F/BEVAR repair of chronic type B aortic dissections**

*Daniela Branzan*

**14:35 14:42 An update on bioabsorbable endopatch approach**

*Vincent Riambau*

**14:42 15:05 Discussion**

15:30 16:45 **Session 12: LECO PAD**

**Moderators:** Mahmoud Salah, Marc Sirvent

**Discussants:** Marta Lobato, Esau Martínez, Lieven Maene, Hady Zayed

15:30 15:35 **Title TBC**

*Michael Lichtenberg*

15:35 15:40 **Discussion**

15:40 15:45 **Title TBC**

*Bruno Migliara*

15:45 15:50 **Discussion**

15:50 15:55 **Title TBC**

*Lorenzo Patrone*

15:55 16:00 **Discussion**

16:00 16:05 **Title TBC**

*Mark Portou*

16:05 16:10 **Discussion**

16:10 16:15 **Title TBC**

*Ahmad Sakr*

16:15 16:20 **Discussion**

16:20 16:25 **Title TBC**

*Daniel Van Den Heuvel*

16:25 16:30 **Discussion**

16:30 16:35 **Surgical Management of Endovascular Failure**

*Gonçalo Cabral*

16:35 16:40 **Discussion**

**16:45 18:00 Session 13: Innovation session and AI in Vascular Surgery**

**Moderators:** Athanasios Saratzis, Sherif Sultan

**Discussants:** Fernando Gallardo, Esau Martínez, Gaspar Mestres, Clàudia Riera

**16:45 16:52 Precision Medicine in PAD: The Role of Genotype-Guided Antiplatelet Therapy**

*Carlos Ruiz*

**16:52 16:59 Title TBC**

*TBC*

**16:59 17:06 Title TBC**

*TBC*

**17:06 17:06 Discussion**

**17:06 17:13 Title TBC**

*TBC*

**17:13 17:20 Title TBC**

*TBC*

**17:20 17:27 Title TBC**

*TBC*

**17:51 18:15 Discussion**

## MAIN ROOM

LIVE TRANSMISSION

"This programme is subject to change"

**Friday, October 16th, 2026**

\*Morning coffee break at 10:30 will be served in the main room

## ROOM 1

**8:30 12:30 EVAR SIMULATION COMPETITION**

**9:00 10:30 Session 14: What's new in Ascending and Arch endorepair?**

**Moderators:** Nilo Mosquera, Vincent Rimbau

**Discussants:** Mark Farber, Michelle Piazza, Fiona Orhlffs, Jan Stana

**9:00 9:05 An update on total endovascular repair of ascending aorta**

*Anders Wanhainen*

**9:05 9:10 Endo-Bentall update**

*Natasha Hasemaki*

**9:10 9:15 The real benefit of CO2 flushing techniques to reduce air embolization**

*Fiona Rohlfss*

**9:15 9:20 Chinese multibranched devices for Endovascular approach of aortic arch pathology**

*Wei Wuo*

**9:20 9:25 Other new devices for arch reconstructions**

*Chang Shu*

**9:25 10:30 Discussion**

**10:30 12:30 Session 15: The Big Vessels, the Small Details**

**Moderators:** Mahmoud Salah, Athanasios Saratzis

**Discussants:**

**10:30 10:40 CERAB: From Recanalization to Stenting—Tips, Tricks, and Pitfalls**

*Hady Zayed*

**10:40 10:50 Title TBC**

*Marc Sirvent*

**10:50 11:00 Navigating Calcified Iliofemoral Lesions in our Daily Practice**

*Emma Espinar*

**11:00 11:15 Discussion**

**11:15 11:25 Leaving Nothing Behind in Real-World FP Lesions: Utopia or a Realistic Goal?**

*Marc Sirvent*

**11:25 11:35 How I Treat Femoropopliteal disease**

*Michael Lichtenberg*

**11:35 11:45 Treating the Popliteal Artery: More Than Just Another Lesion**

*Lieven Maene*

**11:45 11:55 Popliteal Aneurysms: When Vein, When PTFE, and When Endovascular?**

*Mark Portou*

**11:55 12:05 RENZAN cases: Pushing the boundaries of endovascular therapy**

*Mariano Palena*

**12:05 12:15 Seeing Beyond Angio: Is IVUS a Game Changer?**

*Daniel Van Den Heuvel*

**12:15 12:30 Discussion**

**Live case from  
Quironsalud Marbella,  
Operator: Mariano Palena**

12:30 13:30 **Session 16: Lunch symposium**

**Moderator:** TBC

**Speakers:** TBC

---

13:30 14:30 **Session 17: Challenging cases & best posters competition (in Aorta, PAD, LECO)**

**Moderator:** Pablo Del Canto, Fernando Gallardo

**Disussants:** Carlos Ruiz, Luis Miguel Salmerón, Jose Teixeira, Xavier Yugueros

---

14:30 15:00 **Session 18: Highlights from the board**

*Vincent Riambau, Nilo Mosquera, Marc Sirvent*

15:00 15:30 **Session 19: Awards ceremony & closing ceremony**

*Vincent Riambau, Nilo Mosquera, Marc Sirvent*
